

SOLUTION PREP SAT/ACT PREP COURSE OFFERED AT MAST

This **Solution Prep Course and Schedule is Customized for MAST Students:** Customized program includes everything Solution Prep typically offers, but includes 8 additional class hours in order to get into some more advanced aspects of each concept, and to give MAST students more exposure to test taking strategies.

Curriculum:

The course covers the content and strategies for all subjects of both the SAT and the ACT because the tests are nearly identical and because some students will do better on one and some students will do better on the other. Solution Prep courses are designed to give each student every possible opportunity to succeed, regardless of where their strengths are. All class sessions include some homework, and a review thereof at the start of each following session to build on strategies from one class to the next.

Pricing:

One Subject - \$595

Both Subjects - \$995

DISCOUNT: \$100 off if you register by Dec 7.
